I have not heard from you regarding your hay deliveries for the month of March and now half way through April.

I need our skid steer log as well.

Please let me know where you are at with this?

Thank you,

John

When I delivered on the 20th they said that would be enough to get them through as cows were going to pasture

When was the next delivery after April 20th?

They have been getting 10 bales a week for some time and the 30th of April puts them out 10 days?

Subject: April Hay

Good morning here is the list of hay for Eustis Cable as of right now they believe they will not need anymore as they have turned the cows out to pasture. I told them call me if they needed any more.

April 6 10 bales 1.5 hours

April 15 10 bales 1.5 Hours

April 20 10 bales 1.5 hours

I will get the skid steer log today and email that to you this afternoon. Have you thought about the proposal I sent you about renting equipment?

Thanks

Dan
