Dear Attorneys,

I have uploaded the checks you were requesting in Drop Box. As I explained to you, I visited the bank to get copies of these checks and they advised they would reach out when they got to my request. As you will see the research began yesterday on this request. I was able to pick these up today and have spent the day getting them organized, marked and scanned for you as I agreed I would do.

This should complete your request of me as I have tried to advise you would be done. I would appreciate it if you would not reach out to any of my business customers and individuals I have a relationship to operate my business that supports my family. I am more than willing to answer questions you have about any of these checks.

Sincerely,

Dan Brassard
